renowned for its versatility the piano has played a major role both in musical development and in the shaping of public taste throughout its history it has always remained at the centre of the music scene as the composer's tool the virtuoso's partner and the accompanist's mainstay style in piano playing is a book not only about the piano its uses and performers

but also about the music written for the piano in it the author shows how the great pianists of the past built their programmes tells of how they were received and takes a critical look at the history of musical taste

a treatise on how player pianos function and how to get them back into top playing condition if they don't work for beginners and experienced technicians alike

this early work on Mozart's piano concertos is both expensive and hard to find in its first edition it contains analyses of the themes and structure of some of Mozart's greatest piano compositions this is a fascinating work and thoroughly recommended for anyone interested in music theory many of the earliest books particularly those dating back to the 1900s and before are now extremely scarce we are republishing these classic works in affordable high quality modern editions using the original text and artwork

the complete learning experience of professional piano lessons explainer videos by a trained piano teacher have you always wanted to play the piano but didn't know where to start maybe you never got the chance as a kid or maybe you haven't played the piano in years and are looking for a refresher well then look no further because this book is perfect for you traditionally piano lessons have been very boring they often leave people frustrated and feeling like they're not learning quickly enough stop burning through your time and start the real playing with this book and its bonus videos it's practically impossible to fail and far less expensive than private piano lessons full size piano not required the lessons build on skills one by one and what is unique is that each lesson includes bonus videos to really guarantee you learn everything you need to play the piano it's like having a teacher in the room with you but you set the pace by doing the various exercises watching videos and putting in the time you will be able to play songs from very simple to popular hit songs in no time in this book you will discover essential music theory glossary of terms finger exercises we all need them identify all the piano notes easily form or play original melodies play songs from very simple to complex exclusive videos to complete the learning experience chord formulas how to form chords play by ear or reading music it's easier this way and much much more imagine being able to sit at the piano and play

beautiful entertaining music the joy and reward that playing the piano brings is unmatched so if you re ready to start playing the piano then read this book go ahead your never too old to try

issues consist of lists of new books added to the library also articles about aspects of printing and publishing history and about exhibitions held in the library and important acquisitions

focusing on the music of the great song composers schubert schumann brahms wolf and strauss poetry into song offers a systematic introduction to the performance and analysis of lieder part i the language of poetry provides chapters on the themes and imagery of german romanticism and the methods of analysis for german romantic poetry part ii the language of the performer deals with issues of concern to performers texture temporality articulation and interpretation of notation and unusual rhythm accents and stresses part iii provides clearly defined analytical procedures for each of four main chapters on harmony and tonality melody and motive rhythm and meter and form the concluding chapter compares different settings of the same text and the volume ends with several appendices that offer text translations over 40 pages of less accessible song scores a glossary of technical terms and a substantial bibliography directed toward students in both voice and theory and toward all singers the authors establish a framework for the analysis of song based on a process of performing listening and analyzing designed to give the reader a new understanding of the reciprocal interaction between performance and analysis emphasizing the masterworks the book features numerous poetic texts as well as a core repertory of songs examples throughout the text demonstrate points while end of chapter questions reinforce concepts and provide opportunities for directed analysis while there are a variety of books on lieder and on german romantic poetry none combines performance musical analysis textual analysis and the interrelation between poetry and music in the systematic thorough way of poetry into song
